

Search for and view eligibility assessments for MyMedicare Incentives as a Provider

You can search for an eligibility forecast that has been processed, or an actual eligibility assessment that has been calculated and paid.

You don't need to call Medicare to access this information – you can access it in Health Professional Online Services (HPOS) when it suits you.

Using the Search assessments tab

- Login to your **individual Provider Digital Access (PRODA)** account.
- Under **My linked services**, select **Go to service** on the Health Professional Online Services tile.
- Select your **Medicare provider number (MPN) and location**.
- Select **Continue**.
- The HPOS home page will display.

If you are linked to multiple MyMedicare-registered practices, there will be a drop-down list where you can select the MPN for the relevant location.

- Select the **My programs** tile.
- Select the **MyMedicare** tile.
- Select the **View Payment Eligibility** tile.
- Select the **Search assessments** tab and select your **Medicare provider number and location** in the drop-down list.
- Select the **Incentive** from the **Incentive type** drop-down list.
- Enter the required **date range** or leave this blank to see all eligibility assessments.
- Select the **Search** button.
- Select **View assessment** on the relevant search result line to display the assessment data.

Organisation site	Assessment period	Assessed on	Action
1111111111 - ORGANISATION SITE 50 TEST ST, ADELAIDE SA 5000	01/10/2023 - 31/12/2023 Forecast	15/05/2024	View assessment
1111111111 - ORGANISATION SITE 50 TEST ST, ADELAIDE SA 5000	01/07/2023 - 30/09/2023	22/04/2024	View assessment

If a more recent eligibility assessment is required than those available in the search results, return to **View Payment Eligibility** and select the **Forecast assessment** tab.

An eligibility forecast is a **point-in-time assessment** based on available data at the time and is **subject to change** based on updated data. A forecast is not a confirmation of actual payment amounts.
